# AUTHORIZATION TO ACCOMPANY A MINOR

To be completed by the patients authorized representative

We understand the conflict of work schedules and appointments, but we require all children under the age of 14 years to be accompanied by a RESPONSIBLE PARTY or your child will not be treated. This person must be at least 19 years old and must remain on the premises at all times during treatment.

I affirm that I am the parent or legal guardian for the minor child/children named below:

\_\_\_\_\_  
Child Date of birth

\_\_\_\_\_  
Child Date of birth

\_\_\_\_\_  
Child Date of birth

If I am unable to accompany my child, I give permission for the individuals named below to escort my child for dental treatments:

\_\_\_\_\_  
Name Relationship

\_\_\_\_\_  
Name Relationship

\_\_\_\_\_  
Name Relationship

For a child/children 14 and over, please check one:

- Since my child/children is/are 14 over, I also give permission for him/her/them to present for treatment unaccompanied by an adult.
- Although my child is/are 14 and over, I wish to be present for all treatments performed.

I certify that I have read and fully understand the above statements and confirm the contents of this form.

## **PATIENT FINANCIAL POLICY**

Our goal is to provide you and your family with optimal dental care, and to be a place where patients feel welcomed and valued. Our office strives to provide the highest quality dental care at affordable prices. Our dentist will diagnose treatment based on your dental health and not your insurance coverage. We encourage you to ask questions and to be involved in treatment decision, while we help educate you about your oral health and the importance of prevention.

Kindly remember, you are fully responsible for all fees charged by this office regardless of your insurance coverage.

The purpose of this policy is to eliminate confusion or misunderstandings concerning financial arrangements offered by our office. If you have dental insurance, your portion of the fee is due at the time of service. As a courtesy, this office will file your insurance claim, but we do not guarantee any benefit. Accordingly, to the extent permitted by law, you consent to Community Dental Care's (or its designee's) use and disclosure of your Protected Health Information to carry out payment activities in connection with your insurance claim. This information will be used exclusively for the purpose of evaluating and administering claims for benefits. You further authorize and direct payment to Community Dental Care of the dental benefits otherwise payable to you. Please understand that the amount to be paid by insurance depends on the benefits of your particular plan. If you have any questions about the amount your plan will pay or the treatments your plan will cover, you should refer these questions to your insurance company. Additionally, there may be a deductible, a co-insurance factor, and/or a yearly maximum to be considered.

1. For our Medicaid patients, Medicaid will be billed for covered services. In the event a service is not covered by Medicaid, you will be informed prior to the service being performed.
2. Payment at the time of service is expected, including the estimated portion of the amount that insurance does not cover. Our office accepts the following payment methods: Cash, Check, Major Credit Cards, and certain third-party financing options (for those who qualify). We do not offer in house payment plans.
3. A statement for services rendered will be mailed to you on a monthly basis. Receipt of payment is expected within 30 days of the billing date on the statement. Payment should be mailed with the specified portion of the statement to establish the proper crediting of the account. If your insurance company hasn't made payment on a claim after 30 days, please contact your insurance company directly.
4. You may choose to pay the amounts due on your statement by phone using an acceptable form of payment. In the event you choose this payment option, we may securely store your payment information for future payments to be made at your direction.
5. Your account is considered delinquent if payment is not received within 30 days of the billing date on the statement. If payment is not received, a late charge of 1½% per month (\$1.00 minimum) may be assessed and will appear on the next statement. The annual percentage rate shall be the lesser of 18% or the highest rate allowed under state law.
6. For any check that is returned for any reason, the original amount of the returned item plus a \$35.00 charge will be billed to your account. If a check is returned, we may not accept payments by check from you in the future.
7. If you are the parent or legal guardian of a patient that receives treatment when you are not present (either accompanied by an authorized person or unaccompanied), you agree to pay for any services/treatments performed in your absence.

You understand and agree that if you fail to make timely payments, you will be responsible for all costs of collection monies owed, including court costs, collection agency fees, and attorney fees.

By signing below, you acknowledge you have read and understand the financial policy of Community Dental Care and agree to all the terms described in it.

**CONSENT TO DENTAL PROCEDURES**

Patient: \_\_\_\_\_ Age: \_\_\_\_\_ Date: \_\_\_\_\_

I, the undersigned, for myself or another person for whom I have authority to sign, hereby consent to dental care and treatment while such care and treatment is provided through Community Dental Care. This consent includes my consent for all treatment performed by a Community Dental Care dentist and any other dental care provider or other designees under the supervision of the dentist, as deemed reasonable and necessary.

I understand that any current or future treatment may include, but is not limited to examinations, oral prophylaxis (cleanings), fluoride treatments, sealants, restorations (amalgam or composite fillings, crowns and bridges), periodontal (gum) treatments, endodontic (root canal) treatments, extractions, and the use of anesthetics. Such current or future treatment may involve the use of secure electronic communications and technologies to deliver virtual dental health and education services on a remote basis rather than in a traditional dental office setting. Dental treatment is not without potential complications, which may include (but are not limited to) pain, infection, swelling, bleeding, bruising, delayed healing, sinus complications, allergic reactions, stiffness, discomfort and decreased range of motion in the jaw joint(s), loosening of teeth or restoration in teeth, injury to other tissues and need for additional treatment outside scope of treating dentist. I understand topical anesthesia, local anesthesia and/or nitrous oxide inhalation anesthesia may be used if needed during treatment and I consent for their use in my care and that the use of anesthetics may carry a small risk for swelling, bruising, allergic reaction, changes in pain perception, prolonged or in extremely rare instances permanent numbness. I further understand that in the course of any treatment, it may be necessary to modify the intended treatment because of conditions discovered during the ordinary course of dental care and treatment. I further understand and acknowledge that my dental treatment may result in an increased risk of exposure to certain viruses and other pathogens present in the community at the time of my visit (including but not limited to the novel coronavirus/COVID-19, flu, cold virus, etc.). It is possible for such pathogens to be transmitted through respiratory droplets or fine water spray (aerosols) that may be present in a dental practice. I understand that these risks can be mitigated through the dental practice's infection control protocols and other preventative measures designed to reduce the potential for infection, but that these risks cannot be completely eliminated.

I understand that I have the right to discuss and ask questions of any current or future treatment and the purpose, potential risks and benefits of such treatment, as well as any alternative treatments, in order to make an informed decision regarding my care. I further understand that I have the right to refuse treatment and accept any potential consequences of refusing treatment and that I have the right at any time to discontinue treatment.

By signing below, I am indicating that (1) I intend that this consent continue in nature even after a specific diagnosis has been made and treatment recommended; and (2) I consent to treatment at this office or any other Community Dental Care office. The consent will remain fully effective until it is revoked in writing.

**Signed Consent**

I certify that I have read and fully understand the above statements and consent fully and voluntarily to its contents.

\_\_\_\_\_  
Signature of Patient or Legal Guardian [ ] Patient under 18 years of age \_\_\_\_\_

## **RIGHTS AND RESPONSIBILITIES**

### **The patient shall have the following rights:**

- To be treated with dignity and respect
- To be treated by providers the same as other people seeking health care benefits
- To have a friend, family member, or advocate present during consultations and at other times as needed for help with treatment decisions
- To be actively involved in decisions about his/her treatment plan
- To be given information about his/her condition and covered and non-covered services to make an informed decision about treatment(s) options
- To consent to treatment or refuse services, and be told the consequences of that decision, except for court ordered services
- To receive written materials describing rights, responsibilities, benefits available, how to access services, and what to do in an emergency
- To have written materials explained in a manner that is understandable
- To receive necessary and reasonable services to treat the condition
- To receive services that meet generally accepted standards of practice and are medically appropriate
- To receive covered preventive services
- To receive a referral to specialty providers for medically appropriate covered services
- To have a clinical record containing documents about conditions, services received, and referrals made
- To have access to one's own clinical record, unless restricted by law
- To transfer a copy of his/her clinical record to another provider
- To receive a notice of an appointment cancellation in a timely manner
- To receive a copy of this practice's notice of privacy policy

### **The patient has the following responsibilities:**

- To treat the providers and clinic's staff with respect
- To be on time for appointments made with providers and to call in advance to cancel if unable to keep the appointment or if he/she expects to be late
- To seek periodic health exams and preventive services from his/her dentist
- To use his/her dentist for diagnostic and other care except in an Emergency
- To obtain a referral to a specialist from the dentist before seeking care from a specialist unless self-referral to the specialist is allowed
- To use emergency services appropriately
- To give accurate information for inclusion in the clinical record
- To help the provider or clinic obtain clinical records from other providers which may include signing an authorization for release of information
- To ask questions about conditions, treatments and other issues related to his/her care that is not understood
- To use information to make informed decisions about treatment before it is given
- To help in the creation of a treatment plan with the provider
- To follow prescribed agreed upon treatment plans
- To provide the office with any information regarding insurance benefits
- To provide the office with information about address changes, phone number changes, insurance benefit changes
- To pay for non-Covered Services
- To bring issues or complaints to the staff
- To sign an authorization for release of medical information so that the provider can get information which may be needed to respond to a complaint or issue
- To abide by office policies and procedures
